

Leopard Springs Tented Safari Camp

Where the wild feels close, and time slows down.

Hidden deep within the vast, untouched landscapes of northern Kenya, Leopard Springs Tented Safari Camp offers a truly intimate safari experience, one that brings you closer to nature without compromising on comfort.

Here, the sounds of the bush replace the noise of everyday life. Lions call in the distance, birds greet the morning light, and each day unfolds at the gentle pace of the wild.

A Stay in the Heart of the Wilderness

Opened in August 2025, Leopard Springs is a small and exclusive camp with just four beautifully appointed tented rooms, thoughtfully designed to blend seamlessly into the surrounding landscape.

Each tent offers:

- Spacious interiors with either double or twin configurations
- En-suite open-air bathrooms for a fully immersive bush experience
- 24-hour hot running water
- Modern flush toilets for added comfort

It's that perfect balance, feeling completely connected to nature, while still enjoying the subtle luxuries that make your stay effortless.

Life at Camp

At the centre of Leopard Springs is our welcoming dining and lounge area, the heart of camp life.

Meals are freshly prepared by our talented kitchen team using locally sourced ingredients, bringing a relaxed, home-style feel to every dish. Guests gather around a shared table, where good food, great company, and stories from the day's adventures are all part of the experience.

As the sun sets, the camp gently shifts into evening:

- Time spent around the fire beneath a blanket of stars
- A cosy mess tent for relaxing with a drink

- A warm, sociable atmosphere that feels more like staying with friends than a traditional lodge

Guided by Experience

Leopard Springs is a partnership between Graeme Lemon and Steve Carey, bringing together over 60 years of combined safari experience across Africa.

Our guides are deeply knowledgeable, passionate, and intuitive, offering not just sightings, but meaningful, immersive experiences. Whether on a game drive, a guided walk, or sharing stories around the fire, their connection to the land is something guests truly feel.

Location

Leopard Springs is set within the Ol Donyo Lomoro Conservancy in northern Kenya, on the banks of the Mutara River.

Approximately a two-hour drive from Nanyuki, the camp offers a truly remote and peaceful setting, perfect for those looking to fully switch off and immerse themselves in the wilderness.

The Laikipia region is renowned for its rich and diverse wildlife, particularly its leopard population. From camp, guests have the opportunity to encounter an incredible variety of species, including lion, elephant, giraffe, wild dog, and buffalo, all within this vast and unspoilt landscape.

Leopard Springs is especially known for its exceptional **guided walking safaris and game drives**, offering two very different yet equally rewarding ways to experience the bush. On foot, guests can slow down and connect more deeply with the environment, discovering the finer details often missed from a vehicle. By vehicle, game drives allow you to cover wider areas, increasing opportunities to encounter a diverse range of wildlife.

Each experience is unhurried, personal, and guided by the natural pace of the wilderness.

Why Leopard Springs

Because this is more than just a place to stay.

It's early mornings with a torch in hand as the bush wakes up around you.

It's long, unhurried breakfasts beneath open skies.

It's time spent both on foot and on game drives, experiencing the wilderness in its most raw and real form.

It's laughter around the fire, stories shared, and the quiet magic of being completely immersed in nature.

If you're looking for an authentic, personal, and beautifully wild safari experience, Leopard Springs is exactly that.

Plan Your Stay at Leopard Springs

If you are looking for a safari experience that feels personal, immersive, and far from the ordinary, Leopard Springs offers something truly special.

With just four tents, exceptional guiding, and unforgettable walking safaris and game drives in one of northern Kenya's most beautiful wilderness areas, availability is naturally limited.
